Ace Foods Defends Its Cafeteria Policies

On Thursday, Oct. 18, the Wisconsin Daily Cardinal met with five representatives of Ace Foods at the University Center to discuss the recent comments contained in the retail outlet's weekly newsletter.

At the meeting, which was attended by the five representatives of Ace Foods, it was agreed that there would be no further comments on the issue of the cafeteria policies of the Daily Cardinal.

Students To Attend Governor's Conference

Three students from the University of Wisconsin-Madison will be participating in the Governor's Conference. The conference will be held in Madison on Oct. 19, 20, and 21.

The students will be representing the University of Wisconsin-Madison, the University of Wisconsin-Milwaukee, and the University of Wisconsin-Oshkosh.

Ace Foods to Defend Its Cafeteria Policies

Ace foods, a Wisconsin-based chain of grocery stores, announced on Tuesday that it will continue to defend its cafeteria policies despite a recent challenge from the Wisconsin State University.

Ace foods spokespeople said that the university had no right to interfere with the company's policies, which they said were in line with federal and state laws.

"We have been operating our cafeteria policies in accordance with all relevant laws," said John Smith, a spokesperson for Ace foods. "We will continue to defend these policies until the university has proved otherwise.

"We are confident that our policies are fair and reasonable, and we believe the university's proposal is not in the best interest of our customers."
Silence Is Not Always Golden

As stated in another article in this issue, the Student Senate is conducting a campaign to encourage students to use the new library in Vol. Nat. Once released, this resolution will reportedly limit the noise in the vicinity of the students and faculty on campus.

But the Members of the Senate have also created a unique campaign to help students understand the importance of silence when studying. The Senate has created a "Silence Series" which encourages students to appreciate the quiet moments of their day.

The series begins with a series of quotes that emphasize the value of silence. For example, "Silence is golden, but only if it's used properly," as stated by the Senate President. Each quote is accompanied by a unique visual representation to help students remember the message.

The Senate hopes that by focusing on the importance of silence, students will be more likely to take advantage of the new library and other quiet study spaces on campus.

Pointers Freeze Blugolds, 17-7

Braving the freezing cold and a strong wind, the Pointers outscored the Blugolds to win the close contest, 17-7.

An early defense effort by the Blugolds forced the Pointers to start from behind the baseline. But, in the first three minutes of the game, the Pointers scored 13 points and were up 13-7. The lead was increased to 17-7 by the Pointers and the Blugolds never recovered.

In the second half, the Blugolds attempted to come back, but the Pointers held on for the victory. The Pointers were led by guards Jim Mahn and Bobby Brooks, who scored 10 and 9 points respectively.

Later in the year, the Pointers will face tough competition from other teams in the conference. The Blugolds, on the other hand, will have to work even harder to improve their game and earn a win.
