Don Mullen is dead. It's almost unbelievable that such a vital, dynamic young man could be gone. It seems like almost yesterday that we hung him in effigy for his front editorial endorsing Goldwater for the Presidency.

Yes, a year ago, he, a first semester freshman, was the Editor of our school newspaper and now he is gone. It makes a man think... and feel a little less whole.
The New Pointer
Wisconsin State University

This is Your Voice

We wish to extend a welcome to all new and returning students, faculty, and administration.

With the record enrollment and increasing awareness, the third year should prove to be the greatest in the history of WSU—SPI—not intellectually, socially and athletically.

The POINTER will grow accordingly. But it cannot do so unless you, the students, faculty and administration utilize it to its fullest extent. This is your pointer, your voice. Through it, you can reach nearly every person on campus.

Regarding the increased size of the University, many new problems as well as some of the old ones will confront us. The POINTER can be instrumental in solving these problems or at least in presenting them to the public.

Therefore, we urge you to make this your biggest year ever, exercise your right to communicate, and help make the POINTER truly the voice of student faculty and administration.

T. C.

Something HAS Been Done About The Health Service!

By Pat Redfield

A basic change in the philosophy of the Health Service has taken place. Realizing that it cannot be subordinated to the field of medicine, the Service has dropped student hospital personnel and adopted a doctor’s advice service. The former allowance of $60 to 985 students and some faculty members for hospital care caused a needless drain on the medical fund, limiting the on-campus health service.

With the dropping of hospital payments, encompassing facilities will be improved. The immediate change: an additional nurse has been hired; new equipment has been purchased extending hospital benefits, such as visits to residence halls will be provided; basic medicine will be prescribed; regular physicals will be given.

Dr. H. R. Helfer, the physician in charge, will be at the Health Service, located in the basement of_Normal Hall, from 9:30 a.m. until 12 noon, Monday through Friday. A nurse will be present for consultation as days if from 9:30 a.m. until 7 p.m.

Residence hall directors are asked to keep in mind the fact that Dr. Helfer is a part-time employee of the University, and his service here is strictly advisory. All requests for medical service must be presented via the service fee paid by students.

In any given illness, student may consult a doctor of their own choosing, at their own expense. If they do so, they are requested to make known this fact to the Health Service.

About The Health Service

The POINTER is interested in the operation of the Health Service, and will keep the students informed of its activities.

Residence hall students are advised to always notify their hall directors of their illness. Directors will then contact the nurse on call and notify the doctor if necessary. Students who are seriously ill, however, must be notified at once.

The Health Service staff includes: Dr. H. R. Helfer, Helen Reifen, R.N., and Miss Kathleen Lenzach, R.N. Miss Lenzach, who this year received her Regis N. D. nurse diploma from St. Joseph’s School of Nursing and had been associated with the nursing service of the University, has been promoted to nurse in the Health Service at WSU in order to up-grade the service to the level of the hospital service of the University of Wisconsin-Madison.

Many Others Also Should Be Informed

A study of the above quoted makes it hard for one to understand the problems with which the nurse in the Health Service is expected to deal. It was also Dr. Helfer’s understanding as the feeling that the Health Service was really more a part-time job than a full-time job. He states that the Health Service for April of 1953 would not be applied retroactively. Redfield, at this time, states that the Health Service for April of 1953 would be applied.

It is also revealed that Miss Lenzach has been on medical leave for the past year and will not be returning to the service. She was the first nurse to leave due to the change in the Health Service.

In conclusion, the Health Service is not as much of a service as it should be. It is recommended that the Health Service be expanded in order to give better service.

Rugby

By Carl Ellsworth

The University rugby team is looking forward to an exciting year. The team is comprised of many experienced players who are returning to the gridiron. The team is also looking forward to the addition of some new players who have shown great promise.

The team is scheduled to play a number of exhibitions and scrimmages this fall. The team is looking forward to these opportunities to showcase their skills and work on their team chemistry.

The team is also looking forward to the opportunity to compete in the Wisconsin State Athletic Conference. The conference is known for its competitive nature and the team is excited to face some tough opponents.

The team is also scheduled to play a number of friendlies this fall. These games are expected to be a good test of the team's skills and an opportunity to develop their team chemistry.

Overall, the team is looking forward to an exciting and competitive fall season. The team is ready to hit the gridiron and give it their all.

KDRA LIE VIE! Jubilant Steinert Hall Men became the last male hold-outs on south campus. Steinert Hall was re-occupied as a men's residence one year ago.

Mr. James Goodwin, former Director of Residence Life, visited the newly occupied hall. He said that the hall was in good condition and that the residents were happy to be there.

Well, Sport... 

BY MIKE THOM

WELCOME all you WSU students to WSU/Spokane Point! Our sports are all falling into the teams that have taken the lead in the football and cross country teams. Holding down a 2-0 record, the Mighty Mousings (Nebraska) can present a worthy challenge to the Washington State Cougars in the game. The 2-0 record is a testament to the hard work and perseverance of the WSU football team.

I hope you all take pride in your team, and the hard work they put into making WSU one of the top teams in the country.

If anyone wants to see a list of who their favorite player is, please contact me at the University Center.

SUC STANDINGS

Washington 5 - 0 - 0
Nebraska 4 - 1 - 0

NMU Tops Pointers

The Pointers returned to Marquette, Michigan on Saturday, Sept. 26 to end the season with a 11-7 loss to Northern Michigan University. The Pointers were led by the 11 point total, but were unable to win the overall game despite the efforts of their offensive and defensive teams.

No other information is available from the document provided.
