Student Government Week Set For March

Student Government Work Week is scheduled for March 6-10. Participation in the various activities will not be limited to members of the Student Government. Many students will be on hand to help promote the week-end. Each day of the week will have its own theme with the conclusion of the week-end with a rally on Saturday, March 10.

The Student Government Week Committee this year will begin their activities on Monday, March 6.

New Pointer to Host Wisconsin State University Historical Society Event

The New Pointer, official student newspaper of the University of Wisconsin-Stevens Point, will host a History Mobile at the University Center this Saturday and Sunday, February 26 and 27. The event will be open to the public for free.

The History Mobile will feature several activities, including a display of military uniforms and artifacts from the Civil War era, as well as a reconstruction of a Civil War-era tent and a photography studio. The event is open to all ages and is expected to be a popular attraction.

State To Expand 2-Year College Program

Wisconsin State University System administrators and legislators are working together to expand the state's 2-year college system. A key focus of the expansion is to increase the number of courses offered and improve access to higher education for all residents of Wisconsin.

Political leaders are currently discussing the need for more 2-year college programs in Wisconsin. The state's current system includes 13 campuses, with more than 100,000 students enrolled. The goal is to increase the number of students enrolled and offer more courses and programs to meet the needs of the state's workforce.

U.S. Senate Advances Bill to Extend STEM Funding

The U.S. Senate has introduced a bill to extend federal funding to support science, technology, engineering, and mathematics (STEM) programs in high schools and universities. The bill, sponsored by Senators Richard Blumenthal (D-CT) and Lisa Murkowski (R-AK), seeks to provide additional resources to help students pursue STEM careers.

The bill would authorize $5 billion over 10 years for the programs, with funds targeted at improving STEM education through grants and scholarships. It would also provide support for teacher professional development and outreach efforts.

Peace Corps To Test For Trainees

The Peace Corps announced that it will begin testing trainees in a new program to assess their readiness for service. The test, which includes cognitive and physical assessments, is designed to ensure that trainees are well-prepared for the demanding work of international service.

The test will be administered to all Peace Corps trainees and will include measures of cognitive ability, physical fitness, and mental resilience. The results will be used to identify trainees who may need additional support or training before being sent abroad.

Lake Geneva To Host Guitar Festival

The Madison Guitar Festival, one of the largest guitar festivals in the United States, will be held at the Lake Geneva Resort on May 17-18. The festival will feature performances by some of the world's top guitarists, as well as workshops and master classes.

The festival will also include a guitar show, with vendors selling a wide range of guitar-related products. Attendees will have the opportunity to meet with industry leaders and explore the latest in guitar technology.

The festival aims to bring together guitar enthusiasts from across the country, providing a unique opportunity to learn, network, and celebrate the art of guitar playing.
THE PODIUM

Icy Reflections

On Winter Carnival

The Ice Carnival has run its course. The Kingston Trio has taken its "frosty moral" out of the song of "The Young May Die, but the Old Must!" - H. W. Longfellow (1807-1882)

The Ice Carnage has run its course. The Kingston Trio has taken its "tight" renditions of the songs of our land and returned to wherever it was that it came from. The sculptors are becoming just plain ice again.

Frosted and hungover are slowly healing. Facial growths have been shaved off. New records in gluttony set at the pancake table are already being forgotten. The eternal flame has burned so many trophies.

The politicians are looking for greener publicity pastures. Pipes are no longer "in." Time is slowly healing the mental wounds suffered by those who failed to place the various contests. The sharp edge of competition has dulled. The clock of fantasy has run down.

The "University" can now return to "normal." The eight day rite for the great god Winter has ended.

The young may die, but the old must!

- H. W. Longfellow

**Grapplers Drop Two In Quadrangular**

Ed: Feb. 13, 1966. The W.I.I. grapplers dropped two of their three matches this week to place third in the quadrangular meet held Saturday at the Field House.

The second annual quadrangular meet included the W.I.I., Point Park, Duquesne and Seton Vulcans.

The W.I.I. lost to Seton and Point Park, but won a 55-52 decision over Duquesne.

**Malators Prove Might On Ice**

Bernie Christian, coach of the Malators, readied his squad for another possible piece of ice in the Point Park senior basketball offices. Christian said that the Malators would not want to be left as a team that could not win a game.

**Points Go Over The Falls, 84-74**

The Point Park basketball team defeated the Seton Hall Black Knights 84-74 on Friday night. The Point Park team had a good start in the game and continued to dominate throughout.

**Intramural BB Statistics Announced**

The Intramural Department at W.I.I. announced that the total number of points scored in the Intramural BB tournament was 1,234. The top scorer was John Miller with 26 points.

**Eucken Hotline**

By Glenn Hirt

Winston - The Pinney's Blaukarkers participated in the annual charity fund-raising game last weekend and came out in 3rd place. The team was comprised of students and alumni from the W.I.I. basketball program.
