United Council Meets At Fall Conference

The United Council of Wisconsin State University Students Government met at a special session held during the fall conference. The special session was held to discuss the importance of the council's role in student government and to address any issues that may have arisen during the previous semester. The council members were elected by the students and represent the interests of the student body. The meeting was a chance for the council to come together and plan for the upcoming semester. The meeting was also an opportunity for the council to review the progress of the previous semester and to set new goals for the future. The council is an important part of the university community and plays a vital role in ensuring that the needs of the students are being met.
"We can easily forgive a child who is afraid of the dark — the real tragedy of life is when men are afraid of the light." — Plato

THE PODIUM

Dangers Exist
On North Reserve

Last Monday, Portage County Sheriff Nick Schofield asserted that the city of Zanesville was "the wild west" for outlaws. According to the university, citing data from the sheriff's office, there were over 1000 arrests made in the city due to "kids will be kids." With over 5000 students traveling by car and on foot, it is quite apparent that there is an element of danger lying on the dark road between the university and the city. Isolated accidents have occurred in the past, and there is quite a distinct lack of lighting and walking space available for pedestrians.

Several students have complained to the "Ponriter," saying they were almost attacked while walking along the road. The fruit tree not only with the drivers and pedestrians but also with conditions along the road itself. There is quite a distinct lack of lighting and walking space available for pedestrians.

Sheriff Schofield's tax policy of letting the students alone, we feel should continue to be taken by the people of Zanesville, the Town Hall, and the university, to provide walkways and lighting as soon as possible. This would help alleviate dangerous conditions along the road and provide protection for the students.

Brother of Victim Writes

Dear Editor,

Last Thursday night, my brother, who was a 2nd year student at the university, was killed in a car accident near the intersection of Main Street and 3rd Avenue. It was a tragic accident, and my family is in deep mourning.

My brother was a devoted student, always looking for ways to improve himself and help others. He was always willing to lend a helping hand and was a true friend to all who knew him. He was a leader in the university's chapter of the Students for Social Justice and was active in the university's chapter of the National Association for the Advancement of Colored People.

The accident occurred when he was driving home from a friend's house. He was not wearing a seat belt and was struck by a drunk driver. The driver was later arrested for drunk driving.

I write this letter to urge the university to take steps to prevent similar accidents from happening in the future. The university should consider installing more lighting and pedestrian crossings along the main road.

Sincerely,

[Name]

RHC Replies To Blast

Dear Editor,

I am writing in response to the recent letter published in the local newspaper. It is unfortunate that some people have a negative view of our community. The reported statistics about the number of arrests are not representative of the overall picture. Our community is diverse and has a rich history. In fact, I believe that our community is one of the safest in the state.

We are committed to ensuring the safety and well-being of all members of our community. We are always looking for ways to improve public safety, and we welcome suggestions for improvement. We appreciate your interest in our community and hope that you will continue to support us in making it a better place to live.

Sincerely,

Training Regulations Questioned

Why is it that we football players are not covered with what other athletes are? Is the difference in treatment due to the nature and interest of the game, or is it due to the real reason, which is that we have more money than others? I believe that football players should be treated equally, and if not, we should be allowed to go on strike.

Sincerely,

The Cracked Concrete

In the existing highways of concrete that I have seen, I have only used one kind of gray, which
comes from a grayish concrete aggregate, and it is
very hard to see any difference in the various
textures of the concrete. I have been working on
turning myself, as it were, into a rubber state of
being, not in a literal sense, but in a metaphorical
sense, where words continually wrap around my
mind.

Yes, I would do it, but I would be lost.
I must not try it.

I must work on my place
ever watching words.

Michael Hannah

We, The Watchers

Between the stimulus and the response
A lone or in chains exists in mind.

That kind of land attached by mental rule.

In the uninterrupted flow of the text, 10 words continuously
wrap around my mind.

Financial Aids Notice

Students are expected to apply for aid as soon as possible and return to the Financial
Office in order to be considered for the available financial aid.

BLOWING IN THE WIND

At present, the world is divided into two major armed camps—the democratic nations led by the U.S. and the Communist countries led by the U.S.S.R. The recent events in Vietnam, for example, are but
a single illustration of the battle between the two
forces.

In the U.S., even the word "communist" has become
controversial. To most of us, it stands for the
ideology of a socialist revolution, a system of
socialism, a way of life.

However, in my opinion, it is the way they think that
is the real problem.

I am not sure how many people are really
interested in this discussion, but I think it is
important to continue the discussion.

Point Student Wins Gold Medal
In International Film Competition

How does it feel to be one of the seven students who have been awarded the golden medal in the International Film Competition? For Larry Lloyd, it's a mix of joy, relief, and gratitude. "It's an incredible feeling," he said, "to know that all the hard work paid off."

Lloyd's film, "The Pointer," was selected from a pool of 300 entries from around the world, including countries like France, Japan, and Brazil. The competition was held in Venice, Italy, where Lloyd had the opportunity to meet with other filmmakers and discuss their work. "It was an amazing experience," he said.

Lloyd's film focuses on a young boy who dreams of becoming a film director. "I wanted to create a story that would capture the essence of what it means to be a filmmaker," he said. The film was shot in St. Louis, Missouri, and features a cast of students and faculty from the University of Missouri.

"I'm so proud of Larry," said his teacher, Dr. Jane Thompson. "He put so much heart and soul into this project."

The award is not only a recognition of Lloyd's talent, but also a testament to the University's commitment to fostering creative and innovative thinking. "We are proud of all our film students," said Dr. Thompson. "They are the future of cinema."
**DELTA SIG**

The Delta Sig house has started their fall "Active Training Program" and have nine new participants. The pledge of the fall class are: Jim Bryan, Dick Halladay, Chuck Barnes, Craig Howard, Ken York, Ed Atkisson, Ken Wilson, and Donald Byer.

Football Season Closes Against Plateville

The Will Pointers will close out their football season today against the Plateville Tigers at 1:30 in the afternoon. Plateville is in fifth place in the conference and a loss by the Pointers will keep them there. Plateville is a conference rival of the Pointers and they will be playing to gain position. The Pointers have had their free game winning streak broken at River Falls and will be looking for their first win against the Tigers. The Pointers are favored to win the game. The team of the year is the Pointers and they will be looking for their first win against the Tigers.

The Pointers, mostly a running team, are led by quarterback Alex Chisholm, one of the leading passers in the conference. Chisholm was also the leading passer in the conference in his junior year.

The Tigers, on the other hand, are led by Jerry Strother, a 300-pound running back. The Pointers have also been on the receiving end of a few passing attempts. Jackson has scored 10 touchdowns this season and is the leading passer in the conference in his senior year. The Pointers are favored to win the game.

The Pointers have had the upper hand on the Tigers in recent years. The Pointers have won three of the last four games against the Tigers. The Tigers have scored only 16 points in the last four games against the Pointers.

The Pointers have the edge in the running game as well. The Pointers have 1,120 rushing yards to the Tigers’ 900. The Pointers have 30 rushing touchdowns to the Tigers’ 20. The Pointers have scored 126 points to the Tigers’ 98. The Pointers have scored 126 points to the Tigers’ 98.

The Pointers have the advantage in the passing game as well. The Pointers have 1,800 passing yards to the Tigers’ 1,200. The Pointers have 20 passing touchdowns to the Tigers’ 16. The Pointers have scored 126 points to the Tigers’ 98.

The Pointers have the edge in the kicking game as well. The Pointers have made 39 field goals to the Tigers’ 30. The Pointers have scored 126 points to the Tigers’ 98.

The Pointers have the advantage in the receiving game as well. The Pointers have 1,300 receiving yards to the Tigers’ 1,000. The Pointers have 10 receiving touchdowns to the Tigers’ 8. The Pointers have scored 126 points to the Tigers’ 98.

The Pointers have the advantage in the punt game as well. The Pointers have 42 punts to the Tigers’ 30. The Pointers have scored 126 points to the Tigers’ 98.

The Pointers have the advantage in the kickoff game as well. The Pointers have 42 kickoff returns to the Tigers’ 30. The Pointers have scored 126 points to the Tigers’ 98.

The Pointers have the advantage in the turnover game as well. The Pointers have 20 turnovers to the Tigers’ 24. The Pointers have scored 126 points to the Tigers’ 98.

The Pointers have the advantage in the penalty game as well. The Pointers have 10 penalties to the Tigers’ 14. The Pointers have scored 126 points to the Tigers’ 98.

The Pointers have the advantage in the kickoff return game as well. The Pointers have 42 kickoff returns to the Tigers’ 30. The Pointers have scored 126 points to the Tigers’ 98.

The Pointers have the advantage in the punt return game as well. The Pointers have 42 punt returns to the Tigers’ 30. The Pointers have scored 126 points to the Tigers’ 98.
