Students Favor McCarthy
Kennedy is Runner-Up
Nixon Ranks Third
In Pointing Sampler

Senator Eugene McCarthy is the leading presidential candidate among students, on this campus, according to the survey taken by The Pointer last week, in which students were asked which candidate they would vote for if there were a third of the votes of their political party.

The poll showed that McCarthy was favored by 32 percent of those questioned, who reported that they would vote for him. McCarthy’s name was also mentioned by 19 percent of the respondents.

The poll also showed that Nixon was ranked third in popularity, although his name was mentioned by only 26 percent of those questioned. Johnson was the leader in popularity, with his name being mentioned by 33 percent of the respondents.

In the breakdown among freshmen and sophomores, McCarthy was the most popular among the freshmen, while Johnson was the most popular among the sophomores. The survey was conducted among a random sample of students.

Mishka Dichter
Replaces Stern for Concert

Dennis Stern, vocalist, who was scheduled to perform in Northeastern’s theater, has been replaced by Mishka Dichter. Stern, a member of the New York-based band The Dubs, has canceled his appearance due to personal reasons.

Dichter, a well-known singer in the New York area, will perform at the concert scheduled for April 15 in the campus’ auditorium. The concert, which was organized by the Student Activities Committee, will feature a variety of musical acts.

McCarthy Proposes Draft Law Changes

By Mike DeKorte

McCarthy, the presidential candidate, has proposed a new draft law that would establish a national lottery system to select draft registrants. The lottery system would be based on a random selection process, and the draft lottery would be administered by a neutral body.

McCarthy’s proposal is designed to ensure that the draft lottery is fair and impartial, and to prevent any political influence from affecting the selection process. The lottery system would be implemented by 1969, and the first lottery would be held in 1970.

Tele-Lecture Brings
Hershey to Campus

General Louis B. Hershey, head of the Army Corps of Engineers, will be participating in a telelecture program titled "The Army Corps of Engineers: A Force for the Future." The telelecture program will be broadcast on April 13 at 9:00 p.m. EST.

Hershey, who is a retired Army general, will discuss the history and contributions of the Army Corps of Engineers, and will outline the future direction of the agency. The telelecture program will be presented by the American Legion, and will be transmitted to veterans and their families throughout the country.

Senators Approve
Officers’ Salaries

The Senate approved a resolution increasing the salaries of state officers. The resolution, which was introduced by Senator Jane Doe, was passed unanimously by the Senate.

The resolution, which was drafted by the Senate Committee on Finance, is designed to provide state officers with a fair compensation for their services. The resolution will be presented to the Governor for his approval.

Humphrey Defends Role Of Troops In Vietnam

By Bob Holden

Sen. Hubert H. Humphrey, D-Minn., a member of the Senate Foreign Relations Committee, has defended the role of U.S. troops in Vietnam. Humphrey has been a vocal supporter of U.S. involvement in the war, and has repeatedly argued that the war is necessary to protect the interests of the United States.

Humphrey has also been critical of the war, and has called for an end to the conflict. He has argued that the war is not worth the cost in lives and resources, and that it is time for the United States to begin negotiating a peaceful resolution.

Humphrey is a member of the Senate’s Foreign Relations Committee, and is a strong supporter of U.S. military involvement in Vietnam. He has been a vocal advocate of the war, and has repeatedly argued that the war is necessary to protect the interests of the United States.

The Pointer Poll Indicating Discontent

The Pointer poll on the presidential primary candidates shows a shift away from the usual two-party system. The poll indicates that there is a larger discontent over a choice for president. For more details see the article by Jim Johnson on page 3.

HHH And LB Don't Agree On Austerity

HHH and LB don't agree on austerity. LB suggest that the government cut spending and reduce deficits. HHH believes that the government should invest in infrastructure and education. The two candidates differ on the role of the government in the economy.

People Offered Choice At Polls

When asked why he ran the campaign, he replied, "I wanted to make sure that everyone had an opportunity to vote. I believe in the democratic process and I wanted to make sure that everyone had a chance to participate in the election."

QUESTION—Do you think student assistants and resident assistants in residence halls are of any value? Please explain.

"acting as wing policeman is not enough"

Blair Frazola, 21, junior, 215 Swabacker Hall, from Au-
kenzie, attending in Business Administration. Student
assistant and resident assistant are of no value at all. If
S. A. or R. A. can control the student who is not a
lawful inhabitant of the dormitory, then I think
S. A. or R. A. are at least giving some service to
the dormitory and not just a door monitor.

R. A. should have more authority in making
suggestions for changes in dormitory life and
bills for new furniture. If the dormitory is
not occupied by the dormitory students
instead of students who don’t live in the
dormitory, then there should be a
change in the dormitory system. Students
who are not in the dormitory system should not
be allowed to move around freely.

Most S. A. and R. A. are not con-
cerned with the dormitory, they
are only concerned with the
outside world. R. A. and S. A.
should not only concern yourself
with your dormitory but with
others who live in the dormitory.

Some of the best "pawns on campus"

Linda Rzemien, 22, sophomore, 254 South Hall, from

neconne, majoring in English Literature. Student
assistant and resident assistant are of value only
if they are in a position to influence the students.
If the S. A. or R. A. are not in a position to influence
the students, they are not of any value.

If S. A. or R. A. can control the students who are not
good for the dormitory, then they are of some
value. They can help to keep the dormitory
sane, but if not, then they are not of any
value. However, S. A. and R. A. must be
able to gain respect and influence the students.

Campaigning Brings Frenzied Week To Campus

Humphrey Is Greeted By Peace Protestors

By Paul Jasty

"In the midst of campaigns controlled demonstration!" This chant was echoed by a student in protest against the demonstrators promoting the Democratic campaign. McCarthy, Vice President of the United States, spoke. The protest was organized in response to theearlier attack on U.S. involvement in the Viet Nam war. The demonstrators, clad outside of the main organ, the Fieldhouse, premises built high above the arrived to celebrate the candidates' arrival. Humphrey's appearance

Student Begins College Thirty Years Later

Thirty years after high school graduation, an unusual student took his seat in the first-year seminar at brand new University of Wisconsin-Stevens Point. He started attending classes five years after his high school graduation on March 28, 1968.

He was the first student to begin college thirty years later.

The President and the University's Board of Regents have agreed to accept the student.

The student, who is 70 years old, completed his high school education in 1965 and then worked for several years before deciding to return to college.

The student, who is a native of Wisconsin, is enrolled in the University's business administration program.

The student said he was inspired to return to college by the example of his parents, who both graduated from college at the age of 70.

The student said he is looking forward to learning more about business and economics.

The University's administration is proud to welcome the student.

The student is the first in a series of students who are expected to begin college at the University in the coming years.

The University is committed to providing educational opportunities for all students, regardless of their age.

The student is a prime example of the University's commitment to diversity and inclusion.

The student is expected to graduate in 2023.
