My heart leaps up when I behold the beauty of a rainbow in the sky. Men of every age seem to have felt a deep sense of awe in gazing upon a beautiful rainbow. For centuries, man has rejoiced at the sight of the rainbow. For many it was a symbol of divine promise. Good times are ahead.

The rainbow has had more admirers, perhaps, than any other natural phenomenon can boast. Virtually every volume on mythology contains legends connected with the rainbow. For poets and fabulists the rainbow serves as a ubiquitous source of inspiration. The rainbow, with its spectrum, is indeed a wonder.

Homecoming:

Homecoming '82 activities began on September 27 and continued through October 2. The theme was "Point the Way!". A parade was organized by the University Activities Board. Some of the Homecoming events included a performance by Paul Zimmermann, comedian-magician; a chariot race; a pie-eating contest; a dance with "Big Twist and The Mellow Fellows", and of course the Homecoming game with La Crosse.

A Week of Fun and Festivities

Homecoming

Convocation V

President Reagan's Middle East peace proposals can work, said former US Ambassador to Syria, Talcott Seelye, as he addressed students and faculty members at the Convocation V in the Quandt Fieldhouse. He said that he hoped Reagan's plans would be looked on as "as a point of departure for arriving at a peace in the Middle East."

University awards were also presented to several faculty members. "Excellence in Teaching" awards went to Larry Graham, Paper Science; James Hardin, Natural Resources; Norman Higginbotham, Physics and Astronomy; Gail Skelton, Sociology and Anthropology; and Isabelle Stelmahoske, English.

Dedication of the World's Largest

The University of Wisconsin-Stevens Point Mural Project began in 1975 when Chancellor Lee S. Dreyfus approached Art Professor Richard C. Schneider with the idea of perpetuating the university's "Old Main" image on the wall of the College of Natural Resources.

With further ideas proposed by a university committee, Prof. Schneider incorporated numerous designs to represent the university and the Stevens Point environment.

With computer technology provided by Control Data Corporation, the whole design was divided into 286,200 tiny squares. One hundred thirteen vertical rows of steel channels were anchored to the wall with over 7,000 screws to support the twenty-five tons of panels.

State tax revenues were not authorized for the project and the UWSP Foundation solicited gifts of funds and materials to the project. Volunteers from the campus and the community helped to complete the project.

Semester Abroad

Our group, consisting of 24 students and our leader, Dr. Paul, started our semester abroad in mid-August. The first month of the trip was spent traveling through Germany and Austria. We began in Northern Germany, visiting first Hamburg, which is Germany's main port city. We then spent a week in West Berlin, including one day into East Berlin. We returned to West Germany and spent time in the small city of Dinkelsbuhl. From there we went to Passau, and then into Austria, stopping for a few days in Salzburg. As we headed farther south into Lienz, Austria, it became apparent just how beautifully mountainous Austria is. Our next stop was Innsbruck, (where the winter Olympics are often held), and then on to Augsburg. A few days later we made our arrival into Munich, just in time for the opening parade of Oktoberfest. Naturally we all followed the parade to the Oktoberfest grounds. Oktoberfest lasts 16 days and it is a whole expression of German culture and friendliness "Gemutlichkeit!". Almost everyone met German friends and/or families and many are still in contact today.

School started at the same time and it is well adapted to the environment. It provides a good, practical education while allowing us time to take advantage of every experience we could. Everyone's schedule was worked out so as to have a three day weekend to travel. I was particularly lucky as I had classes only on Monday-Wednesday.

Everyone was making trips all over Europe on the weekends. Places like Paris, Rome, Florence, and Switzerland were encountered.

About half of the group returned to the States in December with the rest returning during the following months. I stayed about a month after the group left to travel and visit relatives in Europe. It was an enjoyable experience for me and I'd like to return someday to Germany.

Paul Stone

Time Spent in Germany

Halloween:

An Evening of Mystery

Franksteins, vampires, men smeared with blood all over—not a pretty sight. It's almost like being in a nightmare. But everywhere crowds of people frolicked among themselves. The day was October 31 and it's Halloween.

The taverns were filled with weird-looking 'creatures'. Each person tried to look more terrifying than his friends. And many succeeded in doing so.

The party was enjoyable and well remembered.

The Charlie Daniels Band

On the evening of November 18, at Quandt Fieldhouse, the music of Charlie Daniel's Band filled the air, setting the crowd on fire for a full two and a half hours of dynamic entertainment. The concert was sold out and the audience was electric as Charlie Daniel's wooed us with hits such as "Still in Siagon," "The Devil Went Down to Georgia" and "In America."

A large screen behind the band came to life to emphasize the words. We saw scenes of the Vietnam War accompanying "Still in Siagon," and the St. Louis arch, football and the US flag flashed during "In America." The crowd went wild as Daniel's dedicated his next song to "everyone in the world who owned a cowboy hat," and broke into "Country Boy." Their enthusiasm was sustained for "The Legend of Wooley Swamp."

The band left the stage, but foot-stomping and flickering cigarette lighters brought them back for a climatic encore. The end was near, however, as Daniel's closed the concert on a peaceful note with "May the Circle Be Unbroken, A perfect end to a perfect concert."

International Dinner

More than 450 guests, including the Chancellor, attended the 13th Annual International Dinner held on February 26. The guests were treated to a variety of food and an hour of songs, dances and dramas.

About 150 foreign students served the dinner, which was held at Allen Center. The dinner featured five main courses along with two appetizers, a salad and two desserts. A portion of the International Dinner proceeds was donated to Operation Bootstrap, a charity organization.

The International Dinner is a yearly event organized by the International Club, which is advised by Dr. Marcus Fang and Prof. William Clark.

Pippin'

"Pippin" opened on November 12 in the Jenkins Theater and drew crowds to the box office. Directed by Stephen Sherwin, the musical drama was performed on a platform stage designed on an angle that rises from six inches to six feet, which offered a superb view for the audience.

The production was entered in the American college Theater Festival in Milwaukee after which the top ones performed at the Kennedy Center in Washington, D.C.

Among the cast were Tim Zimmermann, Michael Accardo, Bruce Alan Anderson, Paul J. Chilsen, Lisa L. Stein, Paul Kennedy, Cynthia Coulthurst, Kay Stiefel and Scot Buzza.

I've got to find my corner in the sky.

Romantic Comedy

R
O
M
*
C
O
M

"Romantic Comedy" by Bernard Slade was a play about love, friendship and theatrical trauma. The play opened on October 8 in the Jenkins Theatre.

A critic wrote of "Romantic Comedy" as: "A darling of a play . . . zesty entertainment of cool wit and warm sentiment." The play was indeed very funny and touching.

Madrigal Dinner

The Madrigal Dinner, held from December 10 to 12 in the courtyard of the Fine Arts Building, presented an authentic Elizabethan period entertainment to the guest. About twenty musical selections from the Elizabethan pe-

riod, including carols and madrigals from the 1570s, were added to the program by the Madrigal company.

A set designed by Stephen Sherwin of the theater arts faculty was used to give the area the look of an old English manor house.

The Magic of Andre Kole

America's leading magician and illusionist Andre Kole gave a performance on October 27 at the Quandt Fieldhouse. Andre Kole's superb performance drew warm applause from the crowds. His illusions seemed utterly impossible and defied the imagination.

The performance by Andre Kole was sponsored by Campus Crusade for Christ.

International Folk Dancers

The International Folk Dancers of UWSP presented its annual concert on April 15 and 16. The concert, entitled "Dance: A Celebration of Life," was held at the Sentry Theatre.

The group is committed to the preservation of ethnic heritage through dance. Its repertoire consists of 100 dances from countries throughout the world, including Romania, Scotland, Israel, Poland and Germany.

Winter Carnival

The Winter Carnival was a week-long celebration of the favorite freeze-dried season. Held from February 6 to 12, the Winter Carnival was sponsored by the University Activities Board. Highlights of the week included: a pie eating contest sponsored by the Student Government Association; a show by Chris Bliss, illusionist and master-juggler; and a number of games sponsored by Intramurals and Recreational Services. On February 9, the Michael James Band presented an evening of R&B boogie in the Program Banquet Room, and the dance floor was opened to the students. On Feb. 11, trophies were handed out to the winners of the games.

Coffeehouses

Rugbyfest

The Sixth Annual Arctic Rugby Fest was held on February 12 and 13. The tournament was again held in the middle of winter and the snow was deep as usual. A total of twenty-two teams from across the state competed in the tournament. Last year's Rugby Fest champion, The Westside Arctic Touring Side, was present to defend its title. Michelob was the sponsor of the event.

THE HARLEM GLOBETROTTERS

The Harlem Globetrotters put on a show at the Quandt Fieldhouse on March 23. The team entertained and delighted a large crowd during its two-hour exhibition. They combined some comedy to their wonderful display of skills that made the crowds roar with laughter. Poster and souvenirs were sold to the public.

Trivia '83

294 teams participated in the campus quiz game organized by the radio station FM 90 this year. With that many numbers of teams competing, Trivia '83 was more than just a weekend extravaganza. Many have found that this year's contest to be the best yet.

This year, a team called "Network" took the first place with 5,385 points. Second and third places went to "Some Darkhorse Team" (5,305 points) and "Substation" (5,290 points).

The key to winning perhaps depends on the team member's devotion to the contest. Some team members go as far as keeping files that they have maintained over a couple of years. New information is constantly collected and entered into the files. Major magazines like Time, People, Newsweek and others, and the local newspaper Stevens Point Journal, are good sources of information. Team members always make sure they have every issue from the past year.

Trivia '83 began with the traditional opening song, "Born to Be Wild". Once the song was over, the teams were ready for the first question. For 54 hours, team members would continuously search for answers. Most questions were not easy. But winning was not the most important reason for participating in Trivia. Most people just look forward to the weekend of fun and excitement.

The Plaza

The Plaza is the newest addition to the dining areas in the University Center. Situated on the second level, the Plaza offers a variety of dining delights. The Plaza consists of five regions located in one central area. Park Place—specializes in items hot off the grill. Hamburgers, french fries, onion rings, hot sandwiches and a variety of beverages are served.

Piccadeli—serves delicatessen-style sandwiches, which are piled with cold cuts, cheeses, sauces and vegetables. Corner Market—is designed with fast service in mind. Ready-made sandwiches, snacks, fresh fruits, desserts, cakes and package foods are offered. Fremont Terrace—serves a variety of entrees with a gourmet's touch. A place where you can relax in the fine dining atmosphere with waited service. The raised seating area overlooks the Fremont Street.

The Wooden Spoon—serves a selection of hot entrees with vegetables, salads and desserts in a self-service a la carte line.

Seating throughout the Plaza is varied in atmosphere and decor. These areas are suitable for eating, enjoying coffee or chatting with friends, and studying throughout the day.

Bratfest

On April 30, Sigma Tau Gamma once again sponsored Bratfest in Bukolt Park. All 2,500 tickets were sold, and one hundred additional people were allowed in at the door. This year's crowd was the biggest ever. The area was enlarged to accomodate the large crowd, and extra grills, taps and restroom facilities were installed.

Although the weather wasn't as nice as it was at last year's fest, it didn't get in the way of anyone's good time. People seemed to be really enjoying themselves, getting into the music of La Crosse's Centurian and renewing acquaintances with friends.

Registration

Registration. The dreaded day that comes but once a semester, when thousands of students flock to Quandt gym to stand in line for endless minutes, trying desperately to arrange a satisfactory schedule of classes for their next semester at school.

Registration can be a very traumatic experience for some people. Picking up your packet is the first step. It is then that you find out when you register. Then there's D-day. You leave half an hour early so you can stand in line to be first in your group to get through those doors. And the rest is history as you race from line to line. More than likely, you'll end up at one of those long tables in the middle of the gym, with a hundred other kids, scrambling for a timetable as you desperately work out a new schedule.

It's a hectic day and walking out those doors when it's over is the best feeling even if you did have to register for Physics 500 and Lithuanian Studies 200 because Beginning Bowling and English 102 were closed. Well, there's always drop/add and that's a whole other story.

Tom DeLuca

Tom DeLuca returned to UWSP for another superb performance on March 29 at the Berg Gymnasium. After a sell-out performance last year, Tom DeLuca delighted a large crowd again this year.

Tom DeLuca's show revolved around hypnosis and unconscious communication. His skills in hypnosis and unconscious communication were amazing to watch.

Short Stuff

A Wisconsin band that regrettably hasn't been heard from for quite some time made its appearance at The Encore on March 24. Short Stuff, a funky rhythm, mostly blues band, put on a dynamite show, drawing fans from as far as Milwaukee.

The band played original tunes from the Short Stuff album, as well as tunes coming off the Milwaukee Hometown Album.

All things taken into consideration, the new Short stuff is hot, and ranks high among rhythm and blues music.—Kim Jacobsen.

International Festival

The 1983 International Festival was held on March 25-26 in the Program Banquet Room (PBR), the Communications Room, and The Encore in the University Center. The PBR was used as an international plaza decorated with posters, banners and flags from many different countries. Clothings, pottery, tools, artifacts and other items were on display.

The International Cafe offered a variety of foods from different countries. There were Oriental fried rice and fried noodles, Malaysian curry puffs, Chinese egg rolls, Nigerian moi moi, Taiwanese sponge cake, Nicaraguan torrijas, Iranian baclava, and shrimp chips from Hong Kong.

Seminars on world religions were held in the Communications Room by Dr. Arthur Herman of the philosophy department and Dr. Neil Lewis of the history department.

On March 26, UW President Robert O'Neil and his family visited the festival with Chancellor and Mrs. Marshall. The International Club organized and hosted the International Festival.

Short

Nigerian Students Assaulted

The July 4 weekend of 1982 was marred by an attack on four Nigerian students outside the Outer Limits Bar. One of the students, Anthony Isua, suffered permanent damage to his left leg.

The Stevens Point Police Department was roundly criticized for its handling of the beatings. A third party investigation by Wausau Attorney James Kurth revealed an insufficient injury report led to a delay in the investigation of the beating incident. The Police and Fire Commission absolved itself of any wrongdoing, prompting city alderman Roger Bullis to call for the resignation of all Police and Fire Commission members. The commission later clarified its investigative procedures.

A second attack, this one less severe, occurred on March 8 outside the Flame in Steven Points.

Three area men were found guilty of battery in the July 3 beating incident. Two men were found guilty of disorderly conduct in the March 8 attack.

Politics on Campus

The likes of former President Gerald Ford, former U.S. Ambassador to Syria Talcott Seelye, academician Robert L. Carter, Salvadoran rebel spokesman Victor Rubio, noted ecologist Barry Commoner, Socialist William O. Hart and state Senator Gary George graced UWSP podiums this year.

In addition, several spirited debates, most notably Proxmire-McCallum, Bablitch-Myse and a Stevens Point mayoral debate, added to the wide range of views expressed.

Re-Elections

Last fall Assemblyman Dave Helbach, State Sen. Bill Bablitch, and Congressman Dave Obey, all Democrats easily won reelection to their respective offices.

This spring Bablitch abandoned his Senate seat to run for a seat on the Wisconsin Supreme Court. He won the state primary election by a surprisingly comfortable margin and defeated Outagamie County Judge Gordon Myse in the nonpartisan general election.

On May 9, Helbach announced he would see Bablitch's vacated Senate seat for the 24th district.

Reports

SGA Elections and Controversies

On October 13 and 14, UW-Stevens Point students gave overwhelming support to a referendum testing their resolve for continuing our connection to the student lobby group United Council. Fourteen percent of the student body voted and gave UC the nod 1,109 to 148.

UC presidential incumbent Scott Bentley won a hotly contested re-election bid defeating Pointer Magazine Editor Mike Daehn and SGA Vice-president Tracy Mosley.

In recent weeks Bentley's leadership has come under increasing fire from campus newspapers across the state. Bentley has been accused of intimidating Legislative Affairs Director Curt Pawlisch into not joining the presidential race. He was also accused of financial improprieties, including charging the UC \$115 in expenses for a trip to Fond du Lac.

Bentley was called to resign and if he refuses, impeachment action might be taken. Up to press time, the issue was not resolved.

Summer Death of UWSP Student

Another tragic summer occurrence was the death of UWSP student Dean Smith. Smith died of first and second degree burns while sleeping through a fire in his home at 1218 Franklin Street. The fire was set by Ricki Krueger, an acquaintance of Smith's roommate. Krueger later pleaded guilty to charges of homicide by reckless conduct and of causing property damage.

James E. Pierson, 34, coordinator of photography and graphic arts at the University of Wisconsin-Stevens Point, died unexpectedly June 7, 1983, at St. Michael's Hospital in Stevens Point.

He lived at 2516 Simonis St., with his parents, Professor Emeritus and Mrs. Edgar F. Pierson.

He was ill only several days.

Services were held June 10 at the Boston Funeral home with the Rev. Ronald F. Pechauer of Trinity Luthern Church officiating. Burial was in Restlawn Memorial Park in the Town of Grand Rapids.

A memorial was established with the UW-SP Foundation for a fund to support future student awards in Mr. Pierson's name.

Born Nov. 9, 1948, in Stevens Point, he attended the former Campus School which later was converted to the Communication Arts Center in which Mr. Pierson's office complex was located. He was graduated from P.J. Jacobs High School in 1967 and received a bachelor's degree with a geography major from UW-SP in 1971.

His photography career began during his student days when he began working for the UW-SP Office of News and Publications. He continued on special projects for the university most of the time until in 1974 when he became a permanent employee.

Mr. Pierson, a self-taught photographer, was regarded by colleagues as one of the area's foremost authorities on the full range of photographic processes.

His work was widely viewed in publications about the university and the community. Shortly before his death, he completed a book with full color pictures of the campus, and a promotional publication for the Central Wisconsin Chamber of Commerce. He had been responsible for a three-screen colored-slide presentation used at programs to introduce the public to UW-SP.

He had been chosen one week before his death as the top recipient in the University Relations Division on an annual Exception Performance Award. Mr. Pierson had won the recognition at least once before.

He was adviser of the student yearbook, Horizon; assisted faculty of the communication department in directing independent academic projects in photography; and was the holder of the highest award, Key Player designation, given by the theater arts department's University Players organization for long and outstanding service. He formerly sang with the Stevens Point Barbershoppers.

Besides his parents, his survivors are one brother, John, of Milwaukee; one niece and one nephew.

The above is Jim's obituary as it appeared in the local newspaper. Jim was a great friend to all of us on the Horizon staff and he will be sadly missed. In appreciation to all he has done for us that we, the Horizon Staff 1983, make this special dedication to him. Thank you, Jim. Your memory will live on in us.

Graduation:

The End and the Beginning

The commencement day is a very special day. It marks the culmination of four years of studies and experiences in college. And many students would sigh a relief and look earnestly toward the years to come. Some would be going on to graduate school and some would be bracing themselves up to meet the business world.

December 19, 1982 was that special day. Parents, families and friends gathered in Quandt Fieldhouse to witness the commencement. One by one, the graduates went up to the platform to receive their diploma from the Chancellor. Immediately following the commencement, it was always customary to take a few pictures.

Election 1982

Voters marched out to the polls on November 2, 1982 and elected Anthony Earl as Governor of Wisconsin. Democrat Tony Earl's consistently strong record as an administrator and legislator more than made him Republican Terry Kohler's match.

Although the economy has been the overriding theme of the campaign, the dominant issue was unemployment. Among Earl's jobs proposals were tax credits to employers who create new jobs, an Invest in Wisconsin Fund to be formed by the voluntary pooling of capital, and the updating of job related training in the vocation-technical system.

Earl and Kohler disagreed on how to reduce the projected \$1.5 billion budget deficit. Earl contended that state taxes will have to be increased and spending curtailed to reduce the deficit. Kohler did not believe in a tax hike. He claimed the deficit can be reduced by streamlining accounting procedures and by retaining the five percent state sales tax.

On education, Earl and Kohler were reluctant to promise substantial increases in educational spending. Earl supported UW President Robert O'Neil's proposal to increase the UW budget to about \$600 million.

Kohler thought that a college education has become too accessible. He believed that financial aid should go to qualified students who are unable to pay for an education.

The Square

Each weekend night, at about 10:30 p.m., if one were to drive downtown in the quaint little city of Stevens Point, one might be surprised at all the activity coming from a small cluster of run-down little bars. It's called "the square" and you might expect to see hundreds of college students there enjoying themselves, on any given Thursday or Friday evening.

So what attracts people to the square? It's probably safe to say it's not the atmosphere. What it is, however, is good friends and Lowenbraugh, (well, maybe not Lowenbraugh but . . .). It's a chance to forget the tensions of the past week and have some fun. It's a chance to get reacquainted with your friends after having spent days at the library.

The bars on the square are a place where many students can go to set aside their worries about classes and mid-terms and grades and studying; a place to escape the many pressures of college life. It's a place to meet with friends, meet new friends, listen to music, play games, act crazy and drink beer.

I remember when I first arrived at this University, the most often asked question was, "Have you been down to the square yet?" My curiosity was so aroused I couldn't wait to go. Then one night I finally made it down there. Needless to say, I thought it left a bit to be desired. But since that one night, I've grown to know and love the square. That place holds a lot of good memories for me, and I'll truly miss it.

Opposite Page:

1. Weekends were made for partying.
2. Jim Vandershaaf takes a break.
3. Video games are always a popular attraction.

3. "John, better look what you're sitting on."
4. The Watson Football Team trying out a strategy.

I Live in a Real House Now!

Living off-campus offers you plenty of fun. You feel just at home. You'll have lots of privacy, freedom and convenience.

You can cook whatever you want when you're hungry—no more fixed meal times. You can sleep till late morning and still not miss your breakfast. If you feel bored, just invite your friends over and have a party.

However, good things don't usually come free. You'll have food bills, utility bills, phone bills—and you'll also have to do your dishes—plenty of them. Still it's fun to live off-campus—many students will testify to that.

University Center

The University Center is of course the largest of the three centers. The University Center provides numerous facilities and services for students.

The Information Desk Staff will assist anyone with questions. They also provide check cashing, computer carpooling, and campus and community directions.

The University Store provides textbooks, text rental and text purchase, school supplies, gifts and novelties, and it is also a U.S. postal substation.

Recreational Services offers indoor and outdoor recreational equipment which is available to all students at reasonable rates. Tournaments and min-courses are held ever every year to encourage students to participate more in recreation.

Arts and Crafts has all the tools, materials, equipment and facilities for students to learn and develop skills in crafts.

The Print Shop has facilities for buttonmaking, offset printing, artwork and silk screening. The Pointer Daily, a daily publication, is printed here.

Conferences and Reservations provides meeting rooms in the University Center. A laundrette is located in the University Center, where students can do their wash.

Bob Busch is the director of the University Center.

Jeremiah's

Jeremiah's, located in the lower level behind Recreational Services in the University Center, specializes in pizzas, char-broiled, burgers, nachos and vegetable munchies. The pub atmosphere is perfect for meeting friends for snacks and drinks after class. Jeremiah's occasionally presents live musical entertainment for its guest.

Learning Resource Center

A proposed \$8.3 million addition to the Learning Resources Center was approved by the State Building System Commission and the University of Wisconsin System Board of Regents. The 47,000-foot expansion will add one new floor to the library and widen the existing structure.

DeBot Center

DeBot Center provides music listening facilities, magazines, reference materials, typewriters, copying equipment, and snack bar operations. DeBot Center serves mostly those students who live in the Thompson, Watson, Burroughs, Knutzen, Steiner, Baldwin, Neale and Hansen Halls. The DeBot Center is managed by the DeBot Center Student Managers.

Allen Center

Allen Center serves mostly the students living in Hyer, Roach, Smith and Pray-Sims Halls. It has the basic objectives as the University Center and DeBot Center, that are to provide service to students and to offer facilities to students. The Allen Center provides music listening facilities, copying equipment, typewriters, magazines, snack bar operations, and meeting rooms for groups. The Center is managed by the Allen Centers Student Managers.

Health Center

The Health Center is located on the second floor of Delzer Hall. The Health Center provides the following services: out-patient medical care for acute and long-term illnesses, injuries, birth control services and minor surgical care. Advice on nutrition, exercise, and obesity problems is also available. Each student is encouraged to work toward higher level of wellness.

Counseling Center

The Counseling and Human Development Center provides an opportunity for students to learn to develop greater self-awareness and to acquire better decision-making, problem-solving, and interpersonal skills. The Counseling Center staff includes 5 full-time counseling psychologists, an alcohol educator, two secretaries, four to eight part-time staff, and a counseling staff psychiatrist.

Football

It was a strange season for the 1982 UWSP Varsity Football Team. The Pointers started the season with three consecutive victories (over Augsburg, Whitewater and St. Norbert), but both the Whitewater and St. Norbert wins were forfeited, plus a game with LaCrosse, since senior linebacker Bob Liewitzke was ruled ineligible by the university. Thus, the Pointers ended their season 3-5 in the conference (with victories over Superior, Oshkosh and Stout) and 3-7 overall.

Freshman Quarterback Dave Geissler led the team with a .600 completion percentage for 2328 yards. Senior Rod Mayer led in rushing (489 yards—six touchdowns) and receiving (59 receptions for 681 yards and three touchdowns) for the 1982 squad. Other seniors who ended their career for UWSP were Randy Rysoski, Gerry O'Conner, Mark Gunderson, Gary Van Vreede, Dave Brandt, Scott Mruk, Rick Steavpack and Dave Zauner.

Men's Tennis

The University of Wisconsin-Stevens Point men's tennis team concluded its season by finishing 7th place in the Wisconsin State University Conference tennis championships. UW-Stout won the title with 43 points, followed by defending champion UW-Whitewater with 39, UW-La Crosse 38, UW-Oshkosh 37, UW-Eau Claire 31, UW-River Falls 6, UWSP 3, and UW-Platteville 1.

Women's Tennis

The University of Wisconsin-Stevens Point women's tennis team completed an even 8-8 dual meet record and topped it off with a fifth place finish in the Wisconsin Women's Intercollegiate Athletic Conference during the 1982-83 season.

The Lady Pointer netters were led by senior Sarah Schalow's fifth place finish in the number two position in the Wisconsin Women's Intercollegiate Athletic Conference Meet. She ended the season with a 12-5 record.

Men's Track

The University of Wisconsin—Stevens Point men's track and field team finished second at the Wisconsin State University Conference meet.

UW—La Crosse won its sixth straight title with 190 points, while UWSP was right behind with 165 points. Rounding out the field were: UW—Stout, 91; UW—Oshkosh, 82; UW—Whitewater, 60; Eau Claire, 40; UW—Platteville, 26; and UW—Superior, 0. The Pointers proved themselves when their two-mile relay team took first in the prestigious Drake Relays.

Women's Track

The University of Wisconsin—Stevens Point women's track and field team finished second in the UWSP Invitational track meet at Colman Field. UW—Oshkosh won the meet with 92 points, followed by UWSP with 84, Michigan Tech 48, UW—Milwaukee 47, and UW—Platteville 4.

Men's Cross Country

The University of Wisconsin—Stevens Point men's cross country team earned third place finishes in both the Wisconsin State University and the NCAA Division III Regional Championship Meet this season.

The Pointer Harriers were led by Chris Celichowski and Steve Brilowski who had eleventh and fourteenth place finishes respectively in the NCAA Division III Regional Meet.

Golf

The University of Wisconsin-Stevens Point men's golf team combined for a sixth place finish in the Wisconsin State University Conference and enjoyed finishes in the top three in four of eight tournaments this year to supplement their 65-39 season record.

Leading the team this year was Rob Wendorf who was named to the NAIA District 14 Honor Team. Wendorf maintained an average of 78 for eighteen holes this season.

Women's Field Hockey

The University of Wisconsin-Stevens Point field hockey team ended the season with an impressive record of 17-5 as they were eliminated in the first round of the NCAA Division III National Tournament.

The Lady Pointers also had five players named to the Wisconsin Women's Intercollegiate Athletic Conference Honor Team. Earning All-Conference laurels were Sara Boehnlein, Michelle Anderson, Jane Christianson, Shawn Kreklow, and Karen Konopacki. Boehnlein led the WWIAC in scoring while she was followed closely by Anderson.

Wrestling

The University of Wisconsin—Stevens Point wrestling team finished the 1982-83 wrestling season with a 4-5 dual meet record and a ninth place finish in the Wisconsin State University Conference. The Pointer Matmen also finished thirty-second in the NCAA Division III Championships.

The outstanding performer this season was Dennis Giaino who led this year's team with his second place finish in the NCAA Division III Regional Championships and fifth place finish in the NCAA Division III National Championships.

Basketball

The Pointer Men's Basketball team completed its most successful year in school history this season, compiling a record of 26-4. The Pointers repeated as WSUC kings, went on to take the District 14 Championship and then advanced to the National tournament in Kansas City, where they lost by a heart-breaking 2 points in their second round of action.

Women's Basketball

The University of Wisconsin—Stevens Point women's basketball team concluded their season in the conference tournament by beating UW—Oshkosh 60-45 in the first round but losing to UW—La Crosse 57-49 in the championship game. The loss to UW—La Crosse gave the Pointers a 14-10 overall record and second place in conference play.
—Julie Denker

Men's Swim Team

The University of Wisconsin-Stevens Point men's swim team completed its most successful year ever during the 1982-83 season. The Pointer "Dogfish" finished the season with a 4-2 dual meet record, a second place finish in the Wisconsin State University Conference Championships by a narrow six point margin, and an outstanding sixth place finish in the NAIA National Championships in Arkadelphia, Arkansas.

The UW-SP team had a lot of high quality persons to help on its way to these goals including eleven All-Americans: Jon Combs, John Johnstone, Rick Lower, Steve Mabeus, Chris Morse, Baron Richardson, Scot Moser, Pete Samuelson, Greg Schneider, Scott Slaybaugh, and Jeff Stepanski; eleven All-WSUC distinctions including Moser, Samuelson, Schneider, Richardson, Stepanski, Slaybaugh, Lower, Mabeus, Morse, Johnstone, and Scott Jackman; and one national champion in Combs who won the 100 breaststroke.

Women's Swimming

The University of Wisconsin—Stevens Point women's swimming team concluded the 1982-83 season with a 7-3 dual meet record while finishing in the top three teams in two of the floor invitational meets they entered. The highlight of their season was their fourth place finish in the Wisconsin Women's Intercollegiate Athletic Conference Championship meet.

Leading the Lady Pointer "Dogfish" were Kim Swanson with her finishes of third in the 500 freestyle, fourth in the 50 freestyle, and fourth again in the 1650 freestyle; and Mary Cram who finished fifth in the 200 individual medley, fifth in the 400 individual medley, and fifth in the 100 individual medley.

Baseball

The University of Wisconsin-Stevens Point baseball team had a frustrating season. Because of bad weather, a total of 14 games were cancelled. The Pointers however managed to play 29 games. By the end of the season, the Pointers held a 4-8 Southern Division record and at 6-22 overall.

Women's Softball

The University of Wisconsin—Stevens Point Women's softball team reigned supreme in the Wisconsin Women's Intercollegiate Athletic Conference as they once again captured the conference championship by beating UW—Parkside 4-2 on May 3. The win gave the Pointers a successful 14-3-1 season record. The Pointers have now become conference champions all three years that they have participated as a varsity sport.

Volleyball

The University of Wisconsin—Stevens Point women's volleyball team ended up with a 23-19 record at the end of the 1982-83 season. The Lady Pointer spikers were eliminated in the first round of the Wisconsin Women's Intercollegiate Athletic Conference Tournament by a tough UW—Oshkosh team who went on to become the champions.

The UWSP team was led by senior Melanie Breitenbach who was named to the All-WWIAC team this year. She set the example this year with a 91% good hit average and she was 76% accurate on her defensive attempts.

Diving Team

Rugby

Hockey

The University of Wisconsin—Stevens Point ice hockey team rounded out a 5-22 season record and a 2-1-0 record in the Wisconsin State University conference at the end of the 1982-83 season. Greg Messier, an All-WSUC designation, led the Pointers this season as a defenseman. The leading scorers were Paul Wohlman with 10 goals and 11 assists and Karyle Hanon with 13 goals and 8 assists.

Sports in Action

Intramurals

1. "Pass me the ball!"
2. Baseball is a popular game on campus.
3. The 2-South Rebels become intramural officials and players.
4. Water polo can be a vexing game sometimes, especially when your teammate refuses to pass the ball.

We will remember this year of 1982-83 as one of severe recession in the economy of Wisconsin and the nation, if not the world. This recession has severely affected the budget of the University of Wisconsin-Stevens Point as well as those of its sister institutions. Yet, this year may also mark the harbinger of happier times to come, for the Governor's budgets for 1983-84 and '84-'85 appear to promise better times.

Nevertheless, and even though the first day of spring certainly looks more like winter, most of us will remember the happier times associated with this year. Individually, I hope that there were many for each of you; collectively, we will remember such things as the best basketball season in the history of the institution, the Conference Championship, and the successes in Kansas City . . . and even though we were three points short in our final game, it was a triumph to be there and to come so close to ultimate victory.

We will remember successes in other areas as well . . . such as the fantastic production of "Pippin", judged to be one of the outstanding university productions in the country this year. Selected to go to Milwaukee and then chosen as an alternate for the national performances in Washington, D.C., all of us can be justly proud of this accomplishment. These remembrances and many more are contained within the pages of this book and they will enable you to relive your college days with memories that gladden the heart and warm the soul. May you be enabled to say that this was a good part of your life and well remembered.

DEAN PAUL POLOMBO

The College of Fine Arts instructs students in art, drama, dance and music. The College's two year pre-architecture program prepares students for entrance into a school of architecture. Also included in this College is the Communications Department, which offers courses in Communication, Journalism and Radio-TV-Film.

DEAN HOWARD THOYRE

The College of Letters and Sciences has programs designed to give the student a well-rounded education in social studies, sciences, languages and humanities, and to train him for professional, technical and graduate studies.

DEAN ARTHUR L. FRITSCHEL

The School of Communicative Disorders, the School of Education, the School of Home Economics, and the School of Health, Physical Education, Recreation, and Athletics comprise the College of Professional Studies. The Military Science, Medical Technology, and Gesell Institute programs are also included in COPS.

DEAN DANIEL O. TRAINER

The College of Natural Resources offers programs in Forestry, Resource Management, Soil Science, Water Resources, Wildlife Management, and Paper Science.

DEAN DAVID J. STASZAK

Since the summer of 1960, UWSP has had a graduate program. Then a cooperative program with the State Colleges and the University of Wisconsin, it became a fulltime academic year program in the fall of 1966. Dean Staszak is Dean of Graduate Studies and Coordinator of Research.

DEAN BURDETTE W. EAGON

The Learning Resource Center and Academic Support Programs are headed by Dean Eagon. The LRC houses an official federal and state documents depository, the Interlibrary Loan service, the Instructional Materials Center, and a Student-Faculty Media Production Lab.

SENIOR CATALOG

About Our Catalogue . . .

The Catalogue provides information on the college achievements of participating members of the senior class and candidates for master's degrees at UWSP.

Majors in which students earned degrees are listed beneath their names in the photo section. Majors are included in the Catalogue only when the student is not pictured in Horizon.

Students are listed in the Catalogue last name first. The degree received, college within the university issuing the degree, and date of graduation are listed, along with a list of up to six activities, honors, or experiences of the student's choice. Students who transferred to UWSP from another institution were permitted to declare activities and honors from their former school, if so specified.

The following is a list of abbreviations used for various colleges within the University of Wisconsin—Stevens Point and for degrees issued by those colleges:

COPS—College of Professional Studies
 CNR—College of Natural Resources
 COFA—College of Fine Arts
 L&S—College of Letters and Sciences
 A—Associate
 BA—Bachelor of Arts
 BM—Bachelor of Music

BS—Bachelor of Science
 MAT—Master of Arts in Teaching
 MAC—Master of Arts in Communication
 ME-P—Master of Education-Professional Development
 MME—Master of Music Education
 MS—Master of Science (field will be specified)

- ADAMSKI, DORENE K.
 BA, COPS, 5/83
 President, Home Economics Student Advisory Council '82; President, A.S.I.D.; Treasurer, Phi-Upsilon Imcron Honor Society; Bessie May Allen Award '81; High Honors '81.
- AIKEN, SHARON A.

American Advertising Federation

The purpose of the American Advertising Federation is to give students the opportunity to work with advertising personnels. AAF would develop professional attitudes and work habits of students who wish to choose advertising to be their career. Major activities of AAF included doing advertising work for campus organizations and community businesses. With a total of twenty members, AAF was advised by Eric Somers.

A.S.I.D.

The American Society of Interior Designers organized trips to locations around Wisconsin dealing with interior design. The group also organized several donut and pizza sales in the campus. The purpose of the A.S.I.D. is to alert interior designing students to the options available to them in their career, and also to show them new trends and fashions in interior designing. With twenty-five members, A.S.I.D. was advised by Mary Ann Baird.

A.W.R.A.

Students with interests in water resources would be considered for membership in the Advancement of Water Resources Association. Research, planning, development, and education are the purposes of A.W.R.A. The group also provides interaction among water resources majors and minors. Earl Spangenberg advised the forty members.

A.B.E.S.

The Association of Business and Economics Students organized career planning workshops and mock interviews in the campus. The A.B.E.S. provided a communication link between the business students and the faculty members. The group also provided a variety of opportunities to expose students to the atmosphere of the corporate world. Jim Haine advised the 150 members of the A.B.E.S.

Association for Community Tasks

The Association for Community Tasks is a volunteer non-profit organization. The A.C.T. worked through seventeen agencies, placing students in positions of their choice. There were forty student leaders and 310 volunteers. On April 27, the A.C.T. organized the 'Recognition Dinner' to reward the volunteers for their hard-work and commitment. Diane Bailiff advised the team.

A.E.Y.C.

Janet Malone advised the twenty members of the Association for the Education of Young Children. The purpose of the A.E.Y.C. is to provide members with educational experience that will help them in preparing for future careers in Early Childhood Education. The A.E.Y.C. organized the Family Fun Night during the "Week of the Young Children." The primary focus is on how to meet the needs and rights of young children.

C.I.A. (Chemists in Action)

The American Chemical Society Student Chapter's purpose is to promote an active interest in the field of chemistry. Students of all backgrounds are encouraged to participate. The group organized tours of both industrial and research labs. The group was advised by Steve Bondeson.

CNR Student Association Board

The College of Natural Resources Student Association Board organized orientation nights at the beginning of the fall and spring semesters. The twenty-three members comprised of students and faculty members of the College of Natural Resources only. The purpose of the group is to act as advisors or sounding boards between students and faculty of the college. The group would also try to alleviate problems between student organizations in the college. David Trainer advised the group.

Debot Center Student Managers

The administration of the Debot Center building is the main task of the six Debot Center student managers. Head student manager Meg Wippich guided the group towards achieving the four missions of the student manager program.

Gamma Theta Upsilon

Robert Anderson advised Gamma Theta Upsilon. GTU organized a spring party for the members. The GTU helped students with course selection and provided job information to graduating geographers.

Hansen Hall Council

The Hansen Hall Council planned and provided educational and recreational activities for the residents of Hansen Hall. Some of the activities included a Parents' Weekend, a raft trip and an all-hall Halloween party. The forty members of the Hansen Hall Council were advised by Curt Galloway.

History Club

History Club-UWSP is a campus organization that promotes the study and appreciation of history. The 20 members of the club were advised by Neil Lewis.

Intramurals

Intramurals set up, organized and supervised various recreational events for students to compete in. Intramurals also supervised the Phy. Ed. building so that it could be put to effective use. The purpose of Intramurals is to give students and faculty members the opportunity to enjoy their recreations during their free time at little or no expense. Dale Schallert advised the sixteen members of Intramurals.

International Club

The International Club organized the International Dinner and International Festival. Both events drew attention to the different cultural displays of various countries. The International Club was formed with the purpose to promote and encourage an exchange of cultures throughout the nations by providing opportunities for friendship, understanding, and the social interests of the members. The 150 members of the club were advised by Marcus Fang and William Clark.

Karate Club

The UWSP Karate Club went to UW-Madison to take part in the AAKF Tournament on Oct. 9, 1982 and Belt Testing on Dec. 3, 1982. The purpose of the club is to promote physical health by developing concentration and confidence through the art of self-defense. Tony DeSardi instructed and advised the 50 members.

Marketing Association

The UWSP Marketing Association organized a Milwaukee career forum and a field trip to Kimberly-Clark. The goals of the group: to gain practical marketing experience, to develop sound thinking in marketing theory and knowledge of marketing principles, and to promote friendly relations between students and business people. Richard Choyke and Jay Poutinen advised the group of 25 members.

Mid-Americans

The purpose of the Mid-Americans is to integrate dance, music and drama techniques to present popular and Broadway music in a well-rounded entertainment format. Judy May advised the 14 members.

M.E.N.C.

The Music Educators National Conference's goal is to get music education majors involved in as much music education activities as possible. MENC distributed Music Educators Journal to circulate ideas and articles. MENC's 30 members were advised by Barbara Alvarez.

Neale Hall Council

The Neale Hall Council dealt with policies concerning the hall. The council organized special parties during Halloween and Valentine's Day. Dawn Williams and Amy Sievert advised the six members of the council.

Phi Alpha Theta

Phi Alpha Theta is a National Honor Organization promoting the study of History. Phi Alpha Theta organized a display of the Portage County Historical Society's Museum in the LRC. Only Juniors and Seniors with a B average can join the Phi Alpha Theta. Neil Lewis served as the group's advisor.

The Players

The Players is the student organization of the Department of Theatre Arts and the University Theatre. The primary interests and concerns are in theatrical activities of the university and other educational activities of the Department of Theatre Art. Chris Seefeldt advised the 35 players.

Pointer Magazine Staff

With Mike Daehn as the staff editor, the Pointer was changed to Pointer Magazine. Weekly news and features kept students and university officials informed on events and happenings that affected them. Dan Houlihan advised the Pointer Magazine staff.

Political Science Association

The Political Science Association organized a Senatorial debate between Proxmire and McCallum. The 25 members of the association intend to foster and promote political awareness on campus and in the community. The association was advised by Edward Miller.

Psych Club

Doug Henderson advised the 20 members of the Psychology Club. The purpose of the club is to provide an informal atmosphere for the discussion and comprehension of psychological ideas and concepts. The club organized several field trips and sleep clinics in Madison, Norwood and Marshfield.

Residence Hall Council

The Residence Hall Council provided opportunities to students in residence halls to meet with one another and all segments of the campus population by organizing social, cultural and recreational programs. John Jury advised the twenty members.

S.H.A.P.E.R.

The Safety Health Athletics Physical Education Recreation intends to develop leadership and promote good scholarship among its members. Duaine Counsell, Robert Bowen and Rosalind Kociuba advised the 250 members of SHAPER.

Sigma Tau Gamma Little Sisters

The Little Sisters of Sigma Tau Gamma is a woman's auxiliary to the Sigma Tau Gamma. The 20 members worked together to build leadership qualities, and life-long friendships. The group organized several philanthropic projects.

Spanish Club

The Spanish Club organized cultural gatherings with Tertulia during the fall and spring. The 30 members attended the Hispanic Theater in Madison and a folk fair in Milwaukee. Mel Bloom advised the club.

Student Experimental Television

The Student Experimental Television broadcasts the Trivia Contest over cable, as well as weekly programming on Cable Channel 3. The 40 members were provided with first-hand television production experience. Joel Muhvic advised the group.

Student Legal Society

The purpose of the Student Legal Society is to promote and foster the expansion of the legal awareness of the students of UWSP and the community. The society provided information pertaining to matters concerning a career in law. The 25 members of the society were advised by Edward Miller and John Morser.

Student Society of Arboriculture

The Student Society of Arboriculture organized pruning workshops and tree plantings around the campus. The group's purpose is to encourage awareness and care of trees. The 30 members was advised by Robert Miller.

T.A.P.P.I.

Members of the Technical Association of the Pulp and Paper Industry attended a national meeting in Atlanta. The association promoted education in the science and engineering of pulp and paper manufacture, and encouraged the professional development of students preparing for careers in the pulp and paper industry. Larry Graham served as the advisor. There are 90 members in the association.

Technical Services

Technical Services organized the Bratfest, Bluegrass '83 and Wellness '83. Technical Services provided sound and light production, and also technical support. There were 25 members in the group.

U C Information Center

The 26 employees of the U.C. Information Center informed and directed UWSP students, faculty and visitors about all the areas, functions and operations of UWSP and the University Center.

UC Student Managers

The University Center Building Student Managers assisted students and the community with general information desk services, in addition to assisting in special set-ups for conferences and meetings. The UC Student Managers were responsible for the safety and security of the University Center. John Rasmussen and Bob Busch served as the advisors.

University Activities Board

The University Activities Board sponsored Homecoming, Charlie Daniels' Band, and several concerts in the Encore. Rick Gorbette advised the 9 members.

University Writers

The University writers publish the Barney Street. The University writers also sponsored regional and national writers. Workshops were held to provide students with the opportunity to improve their writing skills. Richard Behm advised the writers.

Waterpolo Club

The UWSP waterpolo Club organized several tournaments for its members. The club hopes to make people more aware of this sport and get anyone interested involved in playing. Lynn Blair served as the club's advisor.

The Wildlife Society

The Student Chapter of The Wildlife Society has 150 members. The purpose of the group is to develop and promote sound stewardship of wildlife resources. The group hopes to increase awareness and appreciation of wildlife values. Raymond Anderson advised the group.

W.P.R.A.

The Wisconsin Parks and Recreation Association had its annual banquet in April. The purpose of the association is to unite students and professionals with a common interest in park and recreation related fields. Richard Geesey advised the 30 members.

WWSP-90FM

WWSP-90FM is also known as The Music Spectrum. WWSP-90FM organized the Trivia Contest and a concert in campus. Jim Haney advised the 50 members of the station.

Senior Honor Society

The Senior Honor Society fostered leadership, scholarship and fellowship among its members. Students in the upper 10% of their class may apply for membership. A committee will then select members. Helen Godfry advised the society.

Siasefi

Central State Siasefi, under the direction of Fred Copes and Doug Post, visited River Pines Nursing Home, monthly, sponsored Happy Hours and planned Homecoming activities for UWSP alumni. The group's purpose is to improve fellowship among its 15 members and promote school spirit in cooperation with other UWSP organizations.

Sigma Tau Gamma

The annual Bratfest is the most noted activity planned by the Sigma Tau Gamma Fraternity. This year's crowd was the biggest ever. Music by La Crosse's Centurian, beer, brats and good friends helped make the event an overwhelming success. The social fraternity hoped to promote the welfare of its 20 members to the highest ideals of manhood, brotherhood and citizenship. Bud Steiner was advisor for the group.

Bluegrass

The Producers

The Producers, who have appeared regularly on Music Television, gave a performance in UWSP. The group who brought us such hits as "What's He Got That I Ain't Got," and "Certain Kind of Girl," appeared in the Berg Gym on May 9.

The opening act was performed by Spooner. The concert was sponsored by the University Activities Board and WSPT.

Dear Friends,

The theme of this 1983 volume of HORIZON is one of RAINBOWS. A rainbow is a beautiful array of colors with mystical qualities. Buried at the end of a rainbow is, of course, a pot of gold and people are constantly searching for that end. To me, chasing rainbows is synonymous with following your dreams. Webster defines a rainbow as "an illusory goal or hope." Illusion maybe, but what is life without hopes and dreams, and rainbows by which to follow them?

How appropriate that even now, as I write this, the rain outside is slowly beginning to dissipate, and as the sun quietly tries to cast its splendor over the trees, I can see the soft hues of a rainbow shining through. What an inspiration as I try to capture in words its very essence.

In years to come, this yearbook will hold much meaning for me in that it will help me to relive this very significant part of my life. But right now it symbolizes a culmination of my years here at U.W.S.P. and a new beginning. As one of the 900 graduating seniors, I will be moving on with many hopes and dreams for the future, but the many memories of my experiences here I'll always hold close to my heart. So, as I close this chapter of my life, I eagerly await what the other side of the rainbow holds for me.

I would like to thank this year's staff and our advisors Bob Busch and the late Jim Pierson. I wish the 1984 staff the best of luck.

Sincerely,
SUE LENDMAN

It is with great sadness that we dedicate this 1983 Rainbows issue of Horizon to the late Jim Pierson, Horizon's Photo Advisor of many years. He'll always be remembered and missed by all who knew him, especially by the Horizon Staff to which he endlessly gave his knowledge, guidance and friendship.
